DOLAN DESIGNS TO MANUFACTURE AND DISTRIBUTE RECESSO LIGHTING

PORTLAND, Ore. (Feb. 28, 2013) –Dolan Designs®, a Portland-based manufacturer of fine lighting, and Recesso Lighting™, the award-winning decorative recessed lighting solution, announces today an exclusive new licensing agreement. According to the agreement, Dolan Designs will become the exclusive worldwide manufacturer and distributor of Recesso Lighting.

The company will focus on rapid growth of the award-winning recessed light fixtures from Recesso Lighting, which first entered the marketplace at the 2010 LIGHTFAIR International.*

Dolan plans to expand upon Recesso's popular designs of recessed light shades offering a broader collection to meet the needs of residential and showroom customers.

Recesso's first products include the Converter Kit™ (shown at right) and Recesso's patented recessed lighting fixtures (locking ring and twist on shade shown at left) all designed to transform any recessed light into a new decorative fixture. A host of new shade and fixture options, including semi-flush and pendant styles, are under development and will be introduced at the Dallas Market in June 2013.

“Pat Dolan and the team from Dolan Designs have followed our product for several years and realize its potential,” said Cheryl Engstrom, Recesso inventor and company founder. “We could not have linked up with a better partner. We are thrilled to tap into the proven expertise of Dolan Designs to add new life to our ideas and significantly spur on sales of Recesso Lighting.”

“We see strong potential for Recesso and plan to build a collection to appeal to a broad audience of residential and commercial customers,” says Pat Dolan, founder of Dolan Designs. “The product addresses a real need in the industry to retrofit recessed lighting and offer a fresh new solution not available today. We look forward to re-launching it in June.”

About Dolan Designs

Dolan Designs® creates stylish and quality lighting fixtures and portable lighting for the residential and commercial markets. The company focuses on lighting for the home by creating distinctive looks in simple, clean and classic designs that complement a wide variety of decorating styles. It's the attention to detail that differentiates this exciting line-up. The company is headquartered in Portland, Oregon.

About Recesso Lighting

Recesso Lighting was created in 2009 with one purpose: transform recessed lighting into decorative fixtures. Using the patented mounting ring, the company offers a full collection of decorative fixtures that easily install around any recessed light. The companies Converter Kit™ turns any recessed light into a J-box from which decorative fixture up to 45 pounds can be hung, including chandeliers, pendants, ceiling lights and track lighting.

Recesso Lights is the winner of the prestigious 2010 LIGHTFAIR Innovations Award in the following Best of Category: ***Chandeliers, Pendants, Sconces, Task Lights, and Decorative Luminaires***: Locking Ring and Decorative Lights by Recesso Lighting.
